4. STATEMENT OF CLAIM

Upon my incarceration here at FCI Beckley, I had advised defendants, and staff members that I am 100% disabled American Veteran an deemed by a panel of VA doctors as being Unemployable, due to the injuries I received in the military. Upon my first visit to Dr. McLain D.O. I had advised him of my injuries, and the pain I was suffering from. I had requested a permanent no work status, but was refused. Upon his refusal I began my Administrative Remedies, which started with my Unit Team members, Barbara Fox, and Janene Bullock. I was advised by my Unit Team that if I refused to work, that I would be placed in Punitive Segregation (Punishment). I continued with Administrative Remedy (9) by voicing my complaint to Warden, Marty C. Anderson, who also advised me that refusal to work would be severelly punishable, and that it is considered a serious infraction, which could lead to loss of many of my priviledges. I had then spoke with Ms. J. Kirkland, who is Health Services Administrator, and again requested assistance in receiving permanent no work status because it was agitating my injuries, she had refused my request. At this present time I have Tort claims filed against the defendants in this matter, and am awaiting reply before filing my § 1983.

5. RELIEF

I would respectfully request that the courts grant my Preliminary Injunction ordering the defendants to place me on permanent no work status. And ask for a Declaratory judgement.
